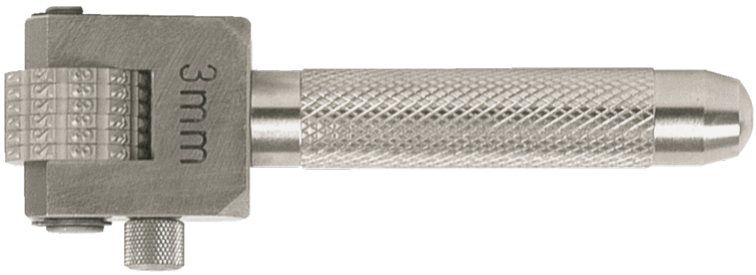
332-354 Numbering head with numbers 0-9, 4 mm font size, 58 - 61 HRC hardness at the engraving



DESCRIPTION

The impact marking stamp device of series 332 is used for problem-free marking of number sequences in workpieces with a strength of up to 1300 N/mm² in crafts, industry, and workshops. The set has a hardness at the engraving between 58 and 61 HRC. The impact marking stamps of series 332 are particularly suitable for marking stainless steel due to their nickel-plated surface.

APPLICATION AREA

For easy marking of sequences of numbers in workpieces with a strength of up to 1300 N/mm² in craft, industry, and workshop.

BENEFIT

- The visible edge has been ground, allowing for the reading of the set numbers.
- The space-saving design allows for use in narrow installation situations.

OPERATION

- Use the prägeräder to set the numbers correctly
- Apply the stamp and impress it into the material using a hammer

MASTER DATA

GTIN [GTIN]	4027474928827
Country of origin	DE
Material	Tool steel
Series	332
Gross weight [kg]	0,53 kg
Package contents	1 piece
Packaging Act	PAP 20
Worldwide sales capability	Yes (REACH, RoHS, POP, PROP65, TSCA)
