328-108 9-piece standard number punch set DIN 1451 with 8 mm font height, 58 - 61 HRC hardness at the engraving

APPLICATION IMAGE

DESCRIPTION

The 9-piece standard number punch set of the 328 series is used for easy marking of almost all materials such as steel, iron, brass, wood, hard rubber, leather, plastic, etc., with a strength of up to 900 N/mm² (27 HRC) in crafts, industry and workshops. The set features a standardized typeface in accordance with DIN 1451 and a hardness at the engraving between 58 and 61 HRC. The number punch set includes the digits 0 to 9. The digit 6 is designed so that when turned over it can also be used as a 9.

APPLICATION AREA

For easy labeling of workpieces with a strength of up to 900 N/mm² (27 HRC) in craft, industry, and workshops.

BENEFIT

- Special durability through production in the cold forming process, where the fiber structure of the material is not interrupted.
- To get a better overview, packed in our tried and tested, shatterproof plastic container.
- A side-ground visible edge enables precise operation.
- Dimensions of the different sizes can be found on the product label
- Each stamp is labeled with: visible engraving, font height, "Made in Germany" and the "Wear safety glasses" logo
- Made from the finest tool steel

OPERATION

- Stamp and engrave into the material using a hammer

MASTER DATA

GTIN [GTIN]	4027474688660
Country of origin	DE
Material	Tool steel
Series	328
Gross weight [kg]	0,64 kg
Package contents	1 piece
Packaging Act	PAPPE PAP 21
Worldwide sales capability	Yes (REACH, RoHS, POP, PROP65, TSCA)
