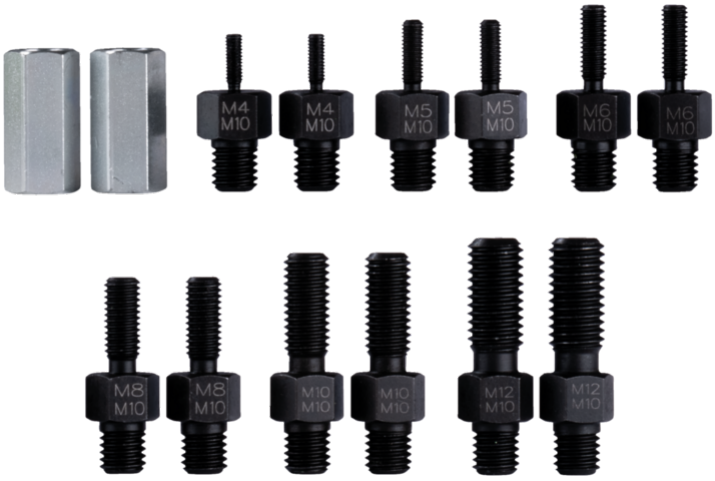
18-3-AS Thread adapter set for series 18



DESCRIPTION

The thread adapter set of model series 18-AS is used together with the pullers of model series 18 for removing and pulling components with threads, such as dowel pins, keyways or bolts, in crafts, industry and workshops. The separation-pulling process is capable of gently separating those parts first before they can be externally pulled off.

APPLICATION AREA

For the removal and installation of components with threads, such as dowel pins, keying pieces, or bolts, in crafts, industry, and workshops.

BENEFIT

- The thread adapters enable the careful and safe removal of parts with threaded holes.
- Universal assembly for optimal practical application
- Depending on the sentence, the thread adapters are available in different standard sizes, allowing for an appropriate approach to the task.

MASTER DATA

GTIN [GTIN]	4021176337208
Country of origin	DE
Material	Tool steel
Series	18-AS
Gross weight [kg]	2,32 kg
Package contents	1 set
Packaging Act	Rezykkat rHDPE 61
Worldwide sales capability	Yes (REACH, RoHS, POP, PROP65, TSCA)

SUITABLE FOR

- 18-3_puller

SPARE PARTS

- GE14-1815_spindle insert
- GE16-1815_spindle insert
- GE18-1815 spindle insert
- GE20-1815 spindle insert
- GE22-1815_spindle insert
- GE24-1815_spindle insert
- connecting nut
