K-70-C 38-piece ball bearing puller set “PULLPO” ¢ 10-100 mm

DESCRIPTION

The 38-piece ball bearing puller set “PULLPO” K-70-C is used for completely non-destructive removal of deep groove ball bearings without disassembly of the shaft in crafts, industry, and workshops. Even without the possibility of support, the PULLPO can safely remove otherwise inaccessible bearings and thus ensure the reuse of the affected parts. The PULLPO convinces not only with its innovative design but also with its ease of use, and the specially developed puller jaws enable a reliable hold during the removal process and higher removal forces. The set includes not only the PULLPO but also suitable jaws and rings for appropriate application.

APPLICATION AREA

For completely non-destructive removal of groove ball bearings without disassembling the shaft in crafts, industry, and workshops.

BENEFIT

- Application-oriented assembly for universal use
- By storing it in the box, the completeness of the set can be easily overviewed.
- The special crossbar design enables secure and easy suspension and the lever-amplifying self-tensioning of the jaws (PULLPO Technology).
- Four magnets for easy holding of the counter pressure ring

OPERATION

- Choose PULLPO with three or four arms depending on ball bearing size
- Insert the arms/hooks of the puller into the outer ring of the bearing to be removed with the help of the support rings
- Operate the spindle with a torque wrench and safely and gently pull off the bearing this way

MASTER DATA

GTIN [GTIN]	4021176019999
Country of origin	DE
Material	Tool steel
Series	K-70
Gross weight [kg]	7,125 kg
Package contents	1 piece
Packaging Act	PAPPE PAP 21
Worldwide sales capability	Yes (REACH, RoHS, POP, PROP65, TSCA)

SPARE PARTS

- 610120_Mechanical spindle
- 614242_Mechanical spindle
- 70-01-R_Ring set for 70-01
- 70-01-T_ Replacement crossbar
- 70-011_3 replacement hooks (set)
- 70-012_3 puller hooks (set)
- 70-02-R_Ring set for 70-02
- 70-02-T_replacement crossbar
- 70-021_4 Replacement hooks (set)
- 70-021-S_puller set
- 70-022_4 Replacement Jaws (Set)
- 700117_Three pressure pieces
- 700217_Four pressure pieces
