332-108 Wheel marking stamp for digits, with 8 mm font height, 58 - 61 HRC hardness at the engraving

DESCRIPTION

The impact stamp for digits of the series 332 is used together with a stamp holder for easy marking of number sequences on workpieces with a strength of up to 1300 N/mm² in crafts, industry, and workshops. The set has a hardness at the engraving between 58 and 61 HRC. The impact stamps of the series 332 are particularly suitable for marking stainless steel due to their nickel-plated surface.

APPLICATION AREA

For the problem-free marking of number series in workpieces with a strength of up to 1300 N/mm² in craft, industry, and workshop.

BENEFIT

- The visible edge, after being ground, allows for the readout of the set numbers.
- Durable due to robust and high-quality material

OPERATION

- Use the holder's distance sleeves to remove wheel impact stamps
- Apply the stamp and imprint it into the material using a hammer

MASTER DATA

GTIN [GTIN]	4027474918835
Country of origin	DE
Material	Tool steel
Series	332-110
Gross weight [kg]	0,345 kg
Package contents	1 piece
Packaging Act	PAP 20
Worldwide sales capability	Yes (REACH, RoHS, POP, PROP65, TSCA)
