225 Set of extractor device with 7 thread adapters for commercial vehicles

DESCRIPTION

The bolt extraction device set with thread adapters of series 225-S is used for extracting bolts such as brake shoe bolts or spring bolts on commercial vehicles. It includes a 8 kg kg impact hammer in solid design as well as a set with 7 different thread inserts to be prepared for any extraction situation.

APPLICATION AREA

For extracting bolts, e.g., brake shoe bolts or spring bolts on trucks.

BENEFIT

- The large impact hammer allows you to pull out even very stubborn bolts.
- The two handles allow for good handling
- Versatile use due to the wide selection of different thread sizes

OPERATION

- Select appropriate spindle insert and attach to sliding hammer
- Insert sliding hammer into the bore and tighten clamping nut
- Use sliding hammer with a striking motion to pull out the bolt

MASTER DATA

GTIN [GTIN]	4021176019470
Country of origin	DE
Material	Tool steel
Series	225-S
Gross weight [kg]	11,02 kg
Package contents	1 piece
Packaging Act	PAPPE PAP 21
Worldwide sales capability	Yes (REACH, RoHS, POP, PROP65, TSCA)
