999-H Demo Cube for Puller (Multi-Attachments), Hexagon

DESCRIPTION

The demo cube is suitable for general presentation purposes as well as product training. Due to its hexagonal design, the demo cube is a very special eyecatcher. Whether in the showroom, in the exhibition hall or on the reception counter in the specialist trade – the demo cube provides an eye-catcher. Equipped with different ball bearings and various pullers, the demo cube offers multifunctional application possibilities (external extraction, internal extraction, bearing seperator, ball bearing-Removing and ball joint pressing).
