K-142/6 Universal windshield wiper puller set 8 pieces in K-i-BOXX for all cars, especially all VW, Audi, Seat, Skoda.

DESCRIPTION

The 8-piece universal wiper puller set K-142/6 is used to remove firmly seated, rusted, and deeply mounted wiper arms on all vehicle models. Included are the wiper pullers from series 142, as well as a wiper arm puller from series 128-F-SW and a 2-jaw universal puller with self-centering puller jaws from series 43. Due to this combination, the set is capable of gently and safely pulling even in tricky extraction situations without the need to disassemble additional parts.

APPLICATION AREA

To remove firmly seated, rusted, and deeply embedded wiper arms on all vehicle models.

BENEFIT

- Suitable for windshields and rear windows where the wiper water hose goes through the hub.
- The selection of special threads allows for particularly high extraction forces.
- Particularly gentle removal thanks to a special pressure piece on the spindle

MASTER DATA

GTIN [GTIN]	4021176039249
