70-A 3-piece ball bearing puller set for small, medium deep groove ball bearings

APPLICATION IMAGE

DETAIL IMAGE

DESCRIPTION

The 70-A 8883-piece ball bearing puller set is used for non-destructive removal of deep groove ball bearings without disassembly of the shaft in crafts, industry, and workshop. With these pullers, bearings that are simultaneously seated in a housing and on a shaft can be easily and quickly removed and, if not already damaged beforehand, can be reused. The series 70 impresses with its specially developed jaws for precise installation in the bearing raceways, enabling safe removal of small to large bearings.

APPLICATION AREA

For non-destructive removal of roller ball bearings without disassembling the shaft in craftsmanship, industry, and workshops.

BENEFIT

- Application-oriented assembly for universal use
- By storing it in the box, the completeness of the set can be easily overviewed.
- Quick and secure selection by labeling the storage adapters
- In the sentence, in addition to the pullers, there are also the corresponding puller sets and extractor rings, ensuring optimal application at all times.
- Suitable for a variety of groove diameters through infinitely adjustable hooks and applicable internationally.
- Self-damaged bearings can be grasped by the adjustable hooks.
- The claw shape ensures a firm grip, which allows for high pulling forces to be developed.
- The puller is also suitable for the removal of sealed bearings from housing bores.
- The puller is rotatable 360° on the ring of the crossbar.

OPERATION

- Select puller and hooks according to the included table
- Place possibly matching support ring on the inner ring of the bearing
- Insert hook between the balls in the outer bearing ring
- Compress the hook at the top, tighten the tensioning disk firmly and pull off the ball bearing by tightening the center spindle

MASTER DATA

GTIN [GTIN]	4021176022128
Country of origin	DE
Material	Tool steel
Series	70-K
Gross weight [kg]	10,025 kg
Package contents	1 set
Packaging Act	PAPPE PAP 21
Worldwide sales capability	Yes (REACH, RoHS, POP, PROP65, TSCA)
